OUR MISSION

FAVOR Greenville promotes long-term recovery from substance use disorders through education, advocacy and recovery support services, resulting in healthier individuals, families, and communities. FAVOR Greenville is one of five chapters of FAVOR South Carolina, which is a grassroots 501(c)(3) organization incorporated in SC in 2006.

OUR BELIEFS

Addiction recovery is a reality for millions of Americans.

There are many paths to recovery.

Recovery flourishes in supportive communities.

Recovery is a voluntary process.

Recovering people are part of the solution.

Recovery gives back what addiction has taken away.

Members of FAVOR Greenville are people in long-term recovery, their families, and allies, who, by putting a human face on recovery, hope to reduce stigma and remove barriers to recovery for those still experiencing alcohol and other drug problems.

HOW YOU CAN HELP

Join FAVOR Greenville and participate in advocacy events.

Write or talk to your legislators and challenge them to introduce and support bills which help those suffering from substance use disorders reclaim their lives.

Put a face on recovery. Speak your message of hope. Help break down the myths and stereotypes which are barriers to recovery.

Celebrate the power and proof of recovery.
