

BI-LO

presents

SATURDAY

MAY 15TH

10 til 4

Imagine an event where thousands of kids can take time off from peer pressure and poor choices and refocus their energy on creative healthy choices! That's what COOLFEST is all about. The event, Celebration Of Our Lives Festival (COOLFEST), was created especially for York County area students and their families; offering exciting games, hands-on activities, display booths, live demonstrations, and lots of outdoor fun!

COOLFEST started in 2006 by highlighting the positive contribution young people make to our community. It has grown to an event that provides all York County youth and their parents, with opportunities for education, fun, and a showcase of our children's talents and abilities.
